It is seen from the petition addressed by the Adiaranatakas living in Doddapalya to the Minister for Education and Public Health that a mosque is being built in that place and that it should be prevented A phone message of the orders passed by the Minister was sent to the Municipal Commissioner to the effect that he should visit the spot immediately and prevent any such building from coming up The Municipal Commissioner who visited the spot intimated over the phone that a foundation stone has been laid on the spot referred to in the petition- which is said to be identical to the one referred to in this file and that attempts are being made to dig the foundation and that he has stopped further construction being proceeded with The receipt of the written report on the subject of the petition- (duplicate) a copy of which has been sent to him is awaited.

continued

The facts of the case in this file have been narrated in paras 3,4 and 5 of the notes supra

The Muzrai Commissioner has granted permission to one Mr Mekhri in his order dated 26th Jan 1942 to construct a mosque on a portion of S No 3 of Bhogenhalli village, subject to the condition of leaving a road margin of 75 feet from the centre of the Bangalore-Mysore Road On the application of Mr Mekhri to the Municipality for the grant of a license to construct the Mosque as permitted by the Muzrai Commissioner, the opinion of the Government Architect was called for He was of the opinion that the land in question does not lend itself for the location of an important building like a mosque where many will congregate for prayers, as it is surrounded on all sides by roads At this stage the Municipal Commissioner solicited instructions as to the grant or otherwise of the license applied for The Municipal Commissioner was requested to state whether any other land suitable or acceptable to the Muslims is available for the purpose. The Municipal Commission has reported that there is no suitable municipal lands anywhere in this locality and that the party may be directed to select some suitable Revenue land towards the south of the present site It is seen from the file of records that the Municipal Engineer has in his endorsement No I 820 111 B dated 30-10-45 refused the grant of license on the ground that the site is not suitable for a mosque and that the applicant might select another site for the purpose In view of this no orders of Government are called for

But there is one aspect of the question viz , that the party seems to be attempting to proceed with the construction on the strength and the authority of the permission issued by the Muzrai Commissioner It does not appear as if the Muzrai Commissioner has consulted the Municipal Commissioner before issuing the permission Hence it is necessary that the Muzrai Commissioner should withdraw the permission granted to the party to construct the mosque Further whenever such a mosque or a temple has to be constructed in the Municipal area, the Muzrai Commissioner should invariably consult the Municipa

Granted for the Construction of the mosque may be cancelled as it would create unnecessary trouble in the locality being close to the Colony and as the proposed Construction was opposite to their temple. Thereupon the matter was enquired into by the Govt. through the Municipal Commissioner Bangalore City and it was found that the Muslims had tried to build the mosque without obtaining a proper license from the Municipality, but only on the strength of the Permission given by the Municipal Commissioner although the Municipal Engineer had refused to grant the license on the ground that the site was not suitable for the Construction of a mosque. Finally Govt in Law Secs letter No R 7916/Misc 483-46-1 dated 18-2-47 issued instructions to the Municipal Commissioner's Office to withdraw the permission already granted and also to instruct the local officers to prevent the Construction of the mosque.

Accordingly the Municipal Commissioner issued instructions to the Deputy Commissioner to stop the Construction of mosque in No 5 of Bhuvana Lane.

98. This morning I inspected the three sites given free of cost for the construction of mosque in as to 11 as the site — measuring 60 x 20 ft, or site No 124 which measures only 60 x 40 ft and the sites given are not suitable for the construction of a mosque. They are far lower than the road level and composed of deep pits so they may be given in some suitable locality. In view of this decision the question of giving a site in exchange does not arise

8054/m

In this connection I want to state that the report of the Ind Commr is not correct. It is dated 21-4-49 & states therein that the land proposed to be given in exchange is in a lower level. But to my surprise, I found that it is on a higher level than the land proposed to be taken from Janab Mohd Hyder. It is site No 124. I therefore do no reason whatever to give him a site of double dimensions.

98) At the time of inspection I was accompanied by the Ind President, Ind Commr, Engineer and H.O They also agreed with the Ind Commr even went to the extent of saying that he would investigate.

Re grant of a license for the construction of a mosque on S No 5, Bhogen Halli, Bangalore North Taluk

I have the honour to state, that on the recommendation of the Deputy Commissioner, Bangalore District, the Inzrai Commissioner has granted permission in his Order No R Dis 106/41-42/26-1-1942 to Mr M A Mehkri, Secretary of Mosque Committee, to construct a mosque on a portion of S No 5 of Bhogenahalli village, subject to the condition of leaving a road margin of 75' from the centre of the Mysore-Bangalore Road as suggested by the Executive Engineer, Bangalore Division, Bangalore

Mr Mehkri having since applied to this Office for the grant of a license to construct the mosque the opinion of the Government Architect was called for in the matter He has intimated in his letter No 1729 dated 16-1-1945 that the land in question does not lend itself for the location of an important building like a mosque, where many will congregate for prayers, in as much as it is surrounded on all sides by roads In these circumstances, I request the favour of instructions of the Government as to the grant or otherwise of the license applied for The connected file of papers is herewith forwarded for reference

Respected Sir,

We the undersigned most humbly and respectfully beg to bring the following few lines to your kind and sympathetic consideration and pray for favourable orders --

We beg to bring to your kind notice that our ancestors and ourselves were formerly living in the present Cubbonpet Bangalore City When this locality was to be named after Cubbon Sahib the then Judicial Commissioner, we were made to vacate the said place and we were sent to a seperate locality where the Victoria Hospital is now in existence During the time of constructing Victoria Hospital, we were sent to Doddapalya where we are now residing Ever since we were sent to Doddapalya the Municipality is giving us assistance in the matter of Sanitation etc and only the adikarnatakas were living in the locality

Rev Secy 27/11 11.45 a.m

Recently few Mahammadans are purchasing some properties from these poor people of the above locality/and residing exactly opposite to our temple As it is well known to your godself we cannot get properties amongst caste hindus in the City area owing to the sad problem of untouchability in our land We pray that this action of owning properties by the Mahammadans in our locality be kindly be stopped

Secondly the Mahammadans are preparing themselves to construct a mosque in our locality though there are three or two families in the above locality and we do not know whet

whether they have obtained a license from the Municipality or not In case if the license is sanctioned we cannot understand under what ground the Municipality permitted them to construct a mosque in the locality while there is a mosque existing in Rajapatalam which is at a distance of hardly 2 furlongs from our locality and to which mosque they were attending to offer their prayers to god We submit that the construction of mosque in our locality where there are only two or three mahammadan families may lead to communal feelings and any day there will be clash between ourselves and the said community

In view of the above circumstances and in the interest of the poor adikarnatakas who are backward in each and every respect and to avoid chash between communities, we most humbly and respectfully pray that your goodself may be pleased to sanction us vacant sites belonging to the locality by the side of Mysore- Bangalore road to us for building dwelling house in those vacant sites We further submit that the construction of the mosque in the midst of our locality may kindly be stopped For which act of kindness and timely help, we shall ever remain grateful and pray for your long life and prosperity

We beg to bring to your honour's notice and pray for redress of our grievances

About 60 years back we were residing in the City rea Our houses were acquired for the construction of Victoria Hospital and we were given the above said plot in exchange for our sites and compensation given for our houses Ever since we came here We are given assistance by the City Municipality for sanitorium etc and only the Adikarnatakas were living in the locality

Sir,

I am directed to invite reference to your order No R Dis 106/41-42 dated 26th January 1942 granting permission to one Mr M A Mekhri to -- construct a mosque in S No 5 of Bhogenahalli village, Bangalore (North) Taluk, subject to certain conditions and to state that it is ascertained that on the application of Mr Mekhri to the Municipality for the grant of a license to construct the mosque, the Municipal Engineer has issued an endorsement to him with No 820/111B dated 30th October 1945, refusing the grant of a license on the ground that the site is not suitable for a mosque Some of the residents of the locality recently represented that the construction of a mosque is going on inspite of the refusal of the Municipality to grant a license and the Revenue Secretary has addressed the Municipal Commissioner, Bangalore City, requesting that effective action should be taken in accordance with the provisions of the City Municipalities Act and the bye-laws framed thereunder, to prevent the construction of the building which is intended for a mosque, without a license from the Municipality In view of these circumstances I am to suggest that you may either withdraw the permission granted by you in 1942 for the construction of a mosque at the place in question or make it clear to the parties that they should not proceed with the construction until they get permission from the Bangalore City Municipality

issued to the petitioner by the Taluk Amildar, Bangalore North Taluk, authorising the petitioner to construct the mosque on the land granted for the purpose as per plan approved by the Executive Engineer, Building Division, subject to the condition, that a margin of 75 feet from the centre of the road, should be left, Since the Govt have accorded sanction for the same It may be noted that as directed in the order of the Huzrat Commissioner referred to above, a muchalika on behalf of the muslim residents of the locality was executed on 14-6-41 by 4 leading persons of the mohalla, binding themselves that they will have no objection for the playing of the music in front of the mosque and the construction of places of worship of other denominations. This was executed on a stamped muchalika before the Amildar. As ordinary, licence was applied for by furnishing to the municipality, the plan of the proposed mosque in duplicate together with a ground plan giving necessary particulars. The notice for a licence was delivered to the Municipal Commissioner on 25th September 1946 and a receipt on a general stamp of one anna was duly obtained. Since the municipality did not reply to this reference for over two months, the foundation stone was laid by our holy priest Ali Janab Syed Hyder Pran Sahib Khadri at a mass meeting, held on 24th November 1946, in a pandal constructed for the purpose on the site itself. It is only long after the statutory period lapsed, the foundation stone was laid. Since under the statue the petitioners were within their rights to do so. The petitioners understand that certain people of the Hindu community of a different mohalla have been petitioning to the authorities that on account of the existence of a temple near the proposed site of the mosque, the muslim community should be prevented from giving effect to the orders of the Government. The petitioners emphatically assert that there is no Devasthanam, big or small in the neighbourhood of the locality and the allegation made by some members of the Hindu community is absolutely false and malicious which fact has been established by the inspection of the locality, by the Superintendent of Police and other officers

The Muslim Residents,
Of the New Pension Mohalla,
Azadnagar, Mysore Road,
Bangalore City

Respected Sir,

The Memorialists beg to submit that as the need for a mosque was greatly felt by the muslim residents of the New Pension Mohalla, Butt Fire Maidan, Bangalore City, the Taluk Amildar of Bangalore North Taluk, as a result of long correspondence, informed us in his No.154 of 38-39 dated 15-5-1940, that the Deputy Commissioner of the Bangalore District has accorded sanction to allot 9 Guntas of land out of S No 5, Bhogianhalli, Village for the construction of a mosque thereon, in his No. V-2 Dis.457 of 39-40 dated the 3rd May 1940, communicated to the Amildar by the Sub Division Officer in his No. B 4-D A 40-49-140 dated the 4th May 1940 and that the plan of the mosque should be obtained from the Executive Engineer of the Building Division and that the approval of the Muzrai Commissioner Should be obtained before constructing the mosque The original documents will be produced when required The Municipal Commissioner of Bangalore City informed us in his No.G L No 5226 dated the 30-10-41, that the sanction of the Muzrai Commissioner should be obtained in the first instance before license could be granted by the Municipality. The Executive Engineer in his letter No 152 dated the 1st October 1941, was kind enough to favour us with a plan and an estimate for the construction of a mosque, amounting to Rs.16,000/-. His detail estimate and the abstract report are with the petitioner and will be produced whenever required.

The Muzrai Commissioner was good enough to accord sanction for the construction of the mosque in question subject to the condition that a margin of 75 feet from the centre of the road should be left, Vide Order No 106-41-42 dated the 23/26-1-1942 to the addressed of the Deputy Commissioner Endorsement No.527-40-41 dated the 6th March 1942 issued to the petitioner by the Taluk Amildar, Bangalore North Taluk, authorising the petitioner to construct the mosque on the land granted for the purpose as per plan approved by the Executive Engineer, Building Division, subject to the condition that a margin of 75 feet from the centre of the road, should be left, since the Government have accorded sanction for the same

It may be noted that as directed in the order of the Muzrai Commissioner referred to above, mutchalika on behalf of the Muslim residents of the locality was executed on 14-6-1941 by 4 leading persons of the mohalla, binding themselves that they will have no objection for the playing of the music in front of the mosque and the construction of places of worship of other denominations. This was executed on a stamped muchalika before the Amildar Accordingly license was applied for by furnishing to the Muhicipality, the plan of the proposed mosque in duplicate together with a ground plan giving necessary particulars. This notice for a license was delivered to the Muhicipal Commissioner on 25th September 1946 and a receipt on a general stamp of one anna was duly obtained Since the Municipality did not reply to the reference for over two months, the foundation stone was laid by our holy priest Ali Janab Syed Hyder Shah Saheb Khadri at a mass meeting held on 24th November 1946, in a pendal constructed for the purpose on the site itself It is only long after the statutory period lapsed, the foundation stone was laid, Since under the statute the petitioners were within their rights to do so The petitioners understand that certain people of the Hindu Community of a different mohalla have been petitioning to the authorities that on account of the existence of a temple near the proposed site of the mosque

the Muslim Community should be prevented from giving effect to the orders of the Government The petitioners emphatically assert tha there is no Devasthanam, big or small in the neighbourhood of the locality and the allegation made by some members of the Hindu Community is absolutely false and malicious which fact has been established by the inspection of the locality, by the Superintendent o Police and other officers of the Revenue Department.

Prayer

It is prayed that in the light of the above facts the petitions above referred to may kindly be summarily rejected.

We beg to remain,

Sir,

Subject - Grant of land to Mr Mohamad Hyder in Azad Nagar in exchange for his site No 124 required for the construction of a Mosque

---

With reference to your letter No I 1°263 dated 3-1-1948 on the above subject, I have the honour to state that the Municipal Council resolved on 29-3-1947 to grant free of cost to the Mohamadan residents of Azadnagar, sites Nos 124, 125, 126 and 127 for purpose of constructing a mosque A copy of the above said resolution of the Municipal Council was submitted to Government in this office letter No A6 C 832/46 dated 16-4-1947 for obtaining sanction of Government thereon

2 The site numbers noted above were supplied to this office by the Engineering Section, but on subsequent verification of the records in the Revenue Office it was found that site Nos 124 and 127 were sold to one Mr Abdul Karim and Mr Abdul Subhan respectively the latter being built upon long ago and the former still remaining vacant

3 As it was the intention of the City Improvement Committee and the Council to give only that open space existing between two buildings on site Nos 124 to 127 in the street in question, the latter site should not have been included in the list at all The space intended by the Council to be given free of cost for the purpose therefore comprises site Nos 124, 125 and 126 only Mr Abdul Kareem the owner of site No 124 has mortgaged the same to one Mr Mohamad

Mohamad Hyder Saheb, a merchant in the City and the latter has obtained a decree against Mr Parcem in this connection

4 As site number 125 and 126 alone are not sufficient for the Mosque building, the City Improvement Committee and the Municipal Council on 4-7-1947 and 26-7-1947 respectively resolved to acquire site No 124 for the purpose A copy of the said resolution of th Municipal Council has been submitted to Government in this office letter No A7 D R 32/47-48 dated 9-12-1947 In this connection it may be stated that the mosque in question was originally intended to be constructed on S No 5 of Bhogenahalli village (Azad Nagar) but the Municipal authorities refused to grant the requisite license as the site was considered to be most unsuitable for the purpose though the permission sought was granted by the Muzrai Commissioner in 1942 The whole record was subsequently called for by Government and orders of Government were very recently received requesting the Muzrai Commissioner to withdraw the permission already granted and directing that the Municipal authorities may first be consulted before the grant of permission in all such cases in future

5 In the above circumstances the Municipal Council resolved on 29-3-1947 to permit the Muslims of Azadnagar to construct a mosque on Site Nos 124, 125 and 126 A clear sketch showing the area of the land granted is herewith enclosed for favour of early sanction

Construction of a mosque in New Pension Mohalla,

4/3/1
Mr. K 13/1 Rev Dpt

With reference to your letter No L 14345/F dated 5th March and also, with reference to the Revenue Secretary's letter No L 16979-81/F, dated 16th June 1947 on the above subject, I have the honor to state that, on the representation of one Janab M A Mehkri, on behalf of the Muslim Community, residing at the New Pension Mohalla, Butt Fire Field, Mysore Road, Bangalore City, permission was granted to construct a mosque in S No 5, Bhogenahalli, near New Pension Mohalla (Vide this Office Order No R Dis I 5-106/41-42 dated 26th January 1942) When the Muslims began to onstruct the mosque, during December 1946, the Adikarnataka residents and other Hindus of the locality petitioned to the Dewan of Mysore, the District Magistrate, Bangalore, and the Municipal Commissioner, City Municipality, Bangalore, requesting that the license granted for the construction of the mosque may be cancelled, as it would create unnecessary trouble in the locality being situated very near to their Colony, and, as the proposed construct was opposite to their temple The matter was enquired into by Government, through the Municipal Commissioner, Bangalore City Municipality, (vide Revenue Secretary's letter No L 8548 dated 9th December 1946), and it was found that the Muslims had tried to bu: the mosque without obtaining the license from the Bangalore City Municipality, but only on the strength of the permission given by this Office, although the Municipal Engineer, Bangalore City Municipality, had refused to grant the license, on the ground that the site was not suitable for the construction of the mosque Finally, Government, in the Law Secretary's letter No R 7916/Muz 183-46-1 dated 18th February 1947, directed this Office to withdraw the permission already granted, and, to instruct the local officers to prevent the construction of the mosque Accordingly, instructions

were issued to the Deputy Commissioner, to stop the construction

2 The present reference received with your letter dated 5th March 1948, is on the further representation of the Muslims, through the Municipal Commissioner, stating that they have selected a separate plot for the construction of the mosque and praying that it may be granted The plot selected by the Muslims comprises sites Nos 124, 125, 126, and 127, (all Municipal sites) The Municipal Council, at their Meeting held on 28th March 1947, have resolved to permit the Muslims of Azadnagar, to construct the mosque on site Nos 124, 125 and 126 only, as site No 127 has been already disposed of by the Municipality, to a private gentleman As regards site No 124, it may be stated that this site was ~~only~~ also disposed of by the Municipality, to one Janab Abdul Kareem, who is reported to have mortgaged it to one Janab Mahomed Hyder Sab The latter has obtained a decree against the form and has, since, executed a bond before the Municipal Commissioner, Bangalore City Municipality, endowing the site for the construction of the mosque

3 The local officers report that site Nos 124, 125 and 126 are situated in the Muslim locality that site Nos 125 and 126 have been granted by the Municipality , and the owner of site No 124 has given a statement before the Municipal Commissioner, endowing it for the construction of a mosque, that the local residents have no objection to the proposed construction, that the prescribed stamped mutchalika has also been executed by the Managing Committee, and that the sites are suitable and unobjectionable for the proposed construction of the mosque

4 The Deputy Commissioner, after inspection of the spot, agrees with the view of the local officers, and says that the sites are suitable and unobjectionable from all points of view, for the construction of the mosque, provided the pit in the sites is duly filled up by the Municipality

5 In the foregoing circumstances, I agree with the Deputy Commissioner

The connected file of records bearing District Office No Muz 2973/46-47 together with this office file No R Dis I 5-106/41-42 dated 26th January 1942, and copy of the Deputy Commissioner's letter No Muz 2973/46-47 dated 26th November 1948, are enclosed herewith for kind perusal and return

SIR,

Subject - Construction of a mosque in New Pension Mohalla Azad Nagar, Mysore Road, Bangalore

---

Referring to your letter No L 10527 dated 16-5-1949 on the above subject I have the honour to enclose herewith the application of Janab Mohamad Hyder as desired

Site No 124 taken from the party has been valued at a a higher rate (per sq ft) than the Municipal land No 5/1 by the side of the 1st Cross Road because the latter is situated in a low level area Hence double the area of the petitioner's site No 124 had to be given to him in exchange

As per the recommendation of the Municipal Executive Engineer the value of the sites exchanged is fixed at Rs 1600/- each which is within the purview of sanction of the Municipal Council

It may be stated in this connection Janab Mohamad Hyder purchased the site No 124 from Janab K Abdul Azeez under a registered sale deed dated 19-8-47 Janab K Abdul Azeez obtained the site in the auction sale held on 19-6-47 by the competant court of law vide No O S 554 of 39-40 and Execution No 545 of 46-47 on the file of the I Munsiff, Bangalore Hence Janab Mohamad Hyder is the actual owner of the site under reference

Under the circumstances stated above sanction of Government may kindly be obtained to the grant of the land, free of cost, to the authorities of the mosque for the construction of the

P t o

the mosque under Section 41(2) of the City Municipalities Act 1950.

A clear sketch showing the land granted for the construction of the mosque is herewith enclosed for favour of perusal

Yours faithfully,

Municipal Commissioner.

I am directed to State that the Members
who inspected the three Sites found them
unsuited for the Construction of the Mosque
on Grounds of their Level being lower than that

I am therefore to suggest that Construction of the Mosque
they may be given land on Site a more

I am to observe on this Connection
that the Report of the Municipal Commissioners
